

UPDATE YOUR HP INFO.

The IOM Manual for the High Performance Butterfly Valves has been updated and is now available on the MV/HV websites. It is also linked to the QR code on the installation tags attached to every HP Butterfly Valve.

This IOM updates and combines several HP documents into one complete document, so that the customer/installer can find all the necessary information in one place.

This IOM combines the following documents:

- Handle Mounting Kit procedure
- Seat Replacement procedure
- Flange Bolting Chart
- Bottom Seal Replacement instructions

The **NEW** information includes:

- Exploded views with part identification
- Instructions for adjusting gear operator stops
- Large Diameter HP recommended cap screw size/lengths
- Seat Retainer Screw Torque values
- Spare Parts
- Links to installation videos on the website

And Check Out The Gate & Globe

Bootcamp.

Make sure you register for next Tuesday's Gate & Globe Valve Bootcamp. Regional Manager Mike Hodson will cover the uses and differences in these valves for commercial plumbing installations.
