On **June 28<sup>th</sup>**, join Milwaukee Valve regional manager Jeff Kiefer as we dive into the details of SP-92, including best practice recommendations to help engineers and installers avoid the most obvious causes of valve problems.

Material for the standard is divided into four main sections:

- Selection
- Shipping and Storage
- Installation
- Operation and Maintenance

The webinar will begin at 1:00 (CDT) and will run for 45-50 minutes, followed by a short Q&A session. Continuing Education Units (CEUs) are available from the American Society of Plumbing Engineers (**ASPE**). Registration is required for Live or On-Demand attendance.
