Valve School For Those Who Know Valves

Need a refresher on valves? Have a question or need clarification on valve operations? On **Thursday, September 21st**, join Milwaukee Valve regional manager Jeff Kiefer as he covers valve basics, literally

[\(Click Here To Register\)](#)

“Valves 101” for an audience already familiar with Pipes, Valves & Fittings (PVF).

Jeff’s content will cover valve types, components, materials of construction, the functions each valve type is designed for, and he discuss the specifications and standards that apply to each. Kiefer will also review some of the verbiage and terminology related to these valves.

The webinar will begin at 1:00 (CST) and run for 45-50 minutes, followed by a short Q&A session. Continuing Education Units (CEUs) are available from the American Society of Plumbing Engineers (**ASPE**). A link to the registration page can be found at the [Milwaukee Valve](#) website today or by clicking [HERE](#). Registration is required for Live or On-Demand attendance.
