Don't Skip Valve School...

[\(Click Here To Register\)](#)

Join Milwaukee Valve regional manager Jeff Kiefer [TOMORROW, Thursday, September 21st](#) for [Valve School ++](#). This valve school is for those in the business of valves who might need a refresher or a question

answered on valve operations. This 45-50 minute webinar covers valve basics, literally “Valves 101” for an audience already familiar with Pipes, Valves & Fittings (PVF).

[Valve School ++](#) will cover valve types, components, materials of construction, the functions each valve type is designed for, and he discuss the specifications and standards that apply to each. Kiefer will also review some of the verbiage and terminology related to these valves.

The webinar will begin at 1:00 (CST), followed by a short Q&A session. Continuing Education Units (CEUs) are available from the American Society of Plumbing Engineers (**ASPE**). A link to the registration page can be found at the [Milwaukee Valve](#) website today or by clicking [HERE](#). Registration is required for Live or On-Demand attendance.
