Summary of Products from Milwaukee Valve Company Submitted for CRN in Binder 1 of 2

Table below summarizes Milwaukee Valve Company products being submitted for Canadian Registration Numbers to TSSA.

Products are grouped together by valve type.

Hammond Valve is a brand name under the Milwaukee Valve Company corporate umbrella, and we have distinct Hammond
Figure numbers for product which is identical to the Milwaukee Valve Company offering. Where Milwaukee Figure numbers are
given with corresponding Hammond Figure numbers, the body and other key structural components are identical, the product
generally varies only in handle and/or nameplate. Specific product information, e.g. ASTM specifications for material,
pressure-temperature ratings, etc., are given in the individual product bulletins/catalog sheets/data sheets presented in the
attached binder. To assist in cross referencing the Hammond products, we enclose a Hammond Condensed catalog.
